[PUBLIC LAW 729—77TH CONGRESS]

[CHAPTER 578—2D SESSION]

[H. R. 7565]

AN ACT To amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to aid in the effective prosecution of the war, the President is authorized and directed, on or before November 1, 1942, to issue a general order stabilizing prices, wages, and salaries, affecting the cost of living; and, except as otherwise provided in this Act, such stabilization shall so far as practicable be on the basis of the levels which existed on September 15, 1942. The President may, except as otherwise provided in this Act, thereafter provide for making adjustments with respect to prices, wages, and salaries, to the extent that he finds necessary to aid in the effective prosecution of the war or to correct gross inequities: *Provided*, That no common carrier or other public utility shall make any general increase in its rates or charges which were in effect on September 15, 1942, unless it first gives thirty days notice to the President, or such agency as he may designate, and consents to the timely intervention by such agency before the Federal,

State, or municipal authority having jurisdiction to consider such increase.

SEC. 2. The President may, from time to time, promulgate such regulations as may be necessary and proper to carry out any of the provisions of this Act; and may exercise any power or authority conferred upon him by this Act through such department, agency, or officer as he shall direct. The President may suspend the provisions of sections 3 (a) and 3 (c), and clause (1) of section 302 (c), of the Emergency Price Control Act of 1942 to the extent that such sections are inconsistent with the provisions of this Act, but he may not under the authority of this Act suspend any other law or part thereof.

SEC. 3. No maximum price shall be established or maintained for any agricultural commodity under authority of this Act or otherwise below a price which will reflect to producers of agricultural commodities the higher of the following prices, as determined and published by the Secretary of Agriculture—

(1) The parity price for such commodity, (adjusted by the Secretary of Agriculture for grade, location, and seasonal differentials) or, in case a comparable price has been determined for such commodity under and in accordance with the provisions of section 3 (b) of the Emergency Price Control Act of 1942, such comparable price (adjusted in the same manner), or

(2) The highest price received by such producers for such commodity between January 1, 1942, and September 15, 1942 (ad-

justed by the Secretary of Agriculture for grade, location, and seasonal differentials), or, if the market for such commodity was inactive during the latter half of such period, a price for the commodity determined by the Secretary of Agriculture to be in line with the prices, during such period, of other agricultural commodities produced for the same general use;

and no maximum price shall be established or maintained under authority of this Act or otherwise for any commodity processed or manufactured in whole or substantial part from any agricultural commodity below a price which will reflect to the producers of such agricultural commodity a price therefor equal to the higher of the prices specified in clauses (1) and (2) of this section: *Provided*, That the President may, without regard to the limitation contained in clause (2), adjust any such maximum price to the extent that he finds necessary to correct gross inequities; but nothing in this section shall be construed to permit the establishment in any case of a maximum price below a price which will reflect to the producers of any agricultural commodity the price therefor specified in clause (1) of this section: *Provided further*, That modifications shall be made in maximum prices established for any agricultural commodity and for commodities processed or manufactured in whole or substantial part from any agricultural commodity, under regulations to be prescribed by the President, in any case where it appears that such modification is necessary to increase the production of such

commodity for war purposes, or where by reason of increased labor or other costs to the producers of such agricultural commodity incurred since January 1, 1941, the maximum prices so established will not reflect such increased costs: *Provided further*, That in the fixing of maximum prices on products resulting from the processing of agricultural commodities, including livestock, a generally fair and equitable margin shall be allowed for such processing: *Provided further*, That in fixing price maximums for agricultural commodities and for commodities processed or manufactured in whole or substantial part from any agricultural commodity, as provided for by this Act, adequate weighting shall be given to farm labor.

SEC. 4. No action shall be taken under authority of this Act with respect to wages or salaries (1) which is inconsistent with the provisions of the Fair Labor Standards Act of 1938, as amended, or the National Labor Relations Act, or (2) for the purpose of reducing the wages or salaries for any particular work below the highest wages or salaries paid therefor between January 1, 1942, and September 15, 1942: *Provided*, That the President may, without regard to the limitation contained in clause (2), adjust wages or salaries to the extent that he finds necessary in any case to correct gross inequities and also aid in the effective prosecution of the war.

SEC. 5. (a) No employer shall pay, and no employee shall receive, wages or salaries in contravention of the regulations promulgated by the President under this Act. The President shall

also prescribe the extent to which any wage or salary payment made in contravention of such regulations shall be disregarded by the executive departments and other governmental agencies in determining the costs or expenses of any employer for the purposes of any other law or regulation.

(b) Nothing in this Act shall be construed to prevent the reduction by any private employer of the salary of any of his employees which is at the rate of \$5,000 or more per annum.

(c) The President shall have power by regulation to limit or prohibit the payment of double time except when, because of emergency conditions, an employee is required to work for seven consecutive days in any regularly scheduled work-week.

SEC. 6. The provisions of this Act (except sections 8 and 9), and all regulations thereunder, shall terminate on June 30, 1944, or on such earlier date as the Congress by concurrent resolution, or the President by proclamation, may prescribe.

SEC. 7. (a) Section 1 (b) of the Emergency Price Control Act of 1942 is hereby amended by striking out "June 30, 1943" and substituting "June 30, 1944".

(b) All provisions (including prohibitions and penalties) of the Emergency Price Control Act of 1942 which are applicable with respect to orders or regulations under such Act shall, insofar as they are not inconsistent with the provisions of this Act, be applicable in the same manner and for the same purposes with respect to regulations or orders issued by the Price Administrator in the

exercise of any functions which may be delegated to him under authority of this Act.

(c) Nothing in this Act shall be construed to invalidate any provision of the Emergency Price Control Act of 1942 (except to the extent that such provisions are suspended under authority of section 2), or to invalidate any regulation, price schedule, or order issued or effective under such Act.

SEC. 8. (a) The Commodity Credit Corporation is authorized and directed to make available upon any crop of the commodities cotton, corn, wheat, rice, tobacco, and peanuts harvested after December 31, 1941, and before the expiration of the two-year period beginning with the 1st day of January immediately following the date upon which the President by proclamation or the Congress by concurrent resolution declares that hostilities in the present war have terminated, if producers have not disapproved marketing quotas for such commodity for the marketing year beginning in the calendar year in which such crop is harvested, loans as follows:

(1) To cooperators (except cooperators outside the commercial corn-producing area, in the case of corn) at the rate of 90 per centum of the parity price for the commodity as of the beginning of the marketing year;

(2) To cooperators outside the commercial corn-producing area, in the case of corn, at the rate of 75 per centum of the rate specified in (1) above;

(3) To noncooperators (except noncooperators outside the commercial corn-producing

area, in the case of corn) at the rate of 60 per centum of the rate specified in (1) above and only on so much of the commodity as would be subject to penalty if marketed.

(b) All provisions of law applicable with respect to loans under the Agricultural Adjustment Act of 1938, as amended, shall, insofar as they are not inconsistent with the provisions of this section, be applicable with respect to loans made under this section.

(c) In the case of any commodity with respect to which loans may be made at the rate provided in paragraph (1) of subsection (a), the President may fix the loan rate at any rate not less than the loan rate otherwise provided by law if he determines that the loan rate so fixed is necessary to prevent an increase in the cost of feed for livestock and poultry and to aid in the effective prosecution of the war.

SEC. 9. (a) Section 4 (a) of the Act entitled "An Act to extend the life and increase the credit resources of the Commodity Credit Corporation, and for other purposes", approved July 1, 1941 (U. S. C., 1940 edition, Supp. I, title 15, sec. 713a-8), is amended—

(1) By inserting after the words "so as to support" a comma and the following: "during the continuance of the present war and until the expiration of the two-year period beginning with the 1st day of January immediately following the date upon which the President by proclamation or the Congress by concurrent resolution declares that hostilities in the present war have terminated,".

(2) By striking out "85 per centum" and inserting in lieu thereof "90 per centum".

(3) By inserting after the word "tobacco" a comma and the word "peanuts".

(b) The amendments made by this section shall, irrespective of whether or not there is any further public announcement under such section 4 (a), be applicable with respect to any commodity with respect to which a public announcement has heretofore been made under such section 4 (a).

SEC. 10. When used in this Act, the terms "wages" and "salaries" shall include additional compensation, on an annual or other basis, paid to employees by their employers for personal services (excluding insurance and pension benefits in a reasonable amount to be determined by the President); but for the purpose of determining wages or salaries for any period prior to September 16, 1942, such additional compensation shall be taken into account only in cases where it has been customarily paid by employers to their employees.

SEC. 11. Any individual, corporation, partnership, or association willfully violating any provision of this Act, or of any regulation promulgated thereunder, shall, upon conviction thereof, be subject to a fine of not more than \$1,000, or to imprisonment for not more than one year, or to both such fine and imprisonment.

Approved, October 2, 1942.

INTERSTATE COMMERCE ACT, PART II
(49 STAT. 558, 52 STAT. 1240, 54 STAT. 924)

SECTION 216. (g) Whenever there shall be filed with the Commission any schedule stating a new individual or joint rate, fare, charge, or classifica-

tion for the transportation of passengers or property by a common carrier or carriers by motor vehicle, or by any such carrier or carriers in conjunction with a common carrier or carriers by railroad and/or express, and/or water in interstate or foreign commerce, or any rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the Commission is hereby authorized and empowered upon complaint of any interested party or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the Commission, by filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such rate, fare, or charge, or such rule, regulation, or practice, but not for a longer period than seven months beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect, the Commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change of rate, fare, or charge, or classification, rule, regulation, or

practice, shall go into effect at the end of such period: *Provided*, That this paragraph shall not apply to any initial schedule or schedules filed on or before July 31, 1938, by any such carrier in bona fide operation when this section takes effect. At any hearing involving a change in a rate, fare, charge, or classification, or in a rule, regulation, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, fare, charge, classification, rule, regulation, or practice is just and reasonable.

SECTION 217. (a) Every common carrier by motor vehicle shall file with the Commission, and print, and keep open to public inspection, tariffs showing all the rates, fares, and charges for transportation, and all services in connection therewith, of passengers or property in interstate or foreign commerce between points on its own route and between points on its own route and points on the route of any other such carrier, or on the route of any common carrier by railroad and/or express and/or water, when a through route and joint rate shall have been established. Such rates, fares, and charges shall be stated in terms of lawful money of the United States. The tariffs required by this section shall be published, filed, and posted in such form and manner, and shall contain such information, as the Commission by regulations shall prescribe; and the Commission is authorized to reject any tariff filed with it which is not in consonance with this section and with such regulations. Any tariff so rejected by the Commission shall be void and its use shall be unlawful.

(c) No change shall be made in any rate, fare, charge, or classification, or any rule, regulation, or practice affecting such rate, fare, charge, or classification, or the value of the service thereunder, specified in any effective tariff of a common carrier by motor vehicle, except after thirty days' notice of the proposed change filed and posted in accordance with paragraph (a) of this section. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. The Commission may, in its discretion and for good cause shown, allow such change upon notice less than that herein specified or modify the requirements of this section with respect to the posting and filing of tariffs either in particular instances or by general order applicable to special or peculiar circumstances or conditions.
